# GENERAL INFORMATION

TIME: 12:30 p.m. — Saturday — November 24, 1973.

**TRANSPORTATION:** Transportation will be available from the Chickasha Holiday Inn to the sale site. With advance notice, your plane will be met at the Lawton or Oklahoma City airports, both of which are served by commercial aircraft. Contact Jerry Arthur or American Cattle Services, Inc., for transportation arrangements.

**TELEPHONE:** Calls may be placed directly to the Adrian Arthur residence sale day at 405-549-6560 or Jerry Arthur may be reached at his residence prior to the sale date at 405-222-0436.

**SALE HEADQUARTERS:** Holiday Inn, Chickasha, Okla., phone 405-224-4890.

**GUARANTEE:** As this is a dispersal sale, all cattle will be sold as announced sale day with no further guarantee. However, the cattle will be thoroughly inspected by representatives of the sales management firm and any breeding corrections or any physical appearances which need calling attention to, will be announced sale day from the auction block.

**HEALTH:** All cattle will be tested for TB and Brucellosis within thirty (30) days of the sale. Health certificates will be provided with each lot sold.

**LIABILITY:** Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither owner nor sales managers can be responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

**INSURANCE:** Anyone wishing to insure their purchases may do so by contacting the sale manager or settling clerk.

**ANNOUNCEMENTS:** Announcements made sale day will take precedence over printed material in the catalog.

**MAIL BIDS:** Mailed or telephoned bids will be handled in a most confidential manner if you are unable to attend the sale personally. Simply by contacting a representative of American Cattle Services, Inc., far enough in advance prior to sale day, will we be able to assist you at ringside on sale day.

**TERMS:** Terms of the sale are cash unless prior credit arrangements are established between buyer and seller. Settlements are to be made with the clerk immediately after the conclusion of the auction.

Dear Friends,

It is with great hesitation and forethought that Dad and I have decided to disperse our herd of registered Shorthorns. Only because Dad is too busy with his hardware store and farming and because I teach are we dispersing. We have put a lot of time and expense in developing what we hope is one of the good cow herds you will find anywhere. Our herd bulls are second to none. We have carefully selected only those sires that are of the modern type and that are bred to sire calves that have the ability to grow into large framed animals with muscling and trimness. Majestic Defender x is our Haumont bull that is doing a tremendous job. Everyone likes his calves and we are very pleased. Kenmar Prince 29Bx, the junior champion of Denver 1972, has calves that are approaching weaning age and they are everything we ever hoped for. They are straight, correct, and have muscling along with size. We have traveled a lot of distance to put together a cow herd of size, femininity and milking ability. This includes cows purchased out of the heart of such herds as Jim Mitchell's of Denison, Kansas; Cork Herrald's of Clinton, Okla.; Oklahoma Land and Cattle Co.'s of Pawhuska, Okla; and Bill Bridges' of Elgin, Okla. Our prize purchase was the cows from the Guy Slaughter herd of Fletcher, Okla. These cows are tremendous producers and certainly only the kind that can be bought in a dispersal. We regret leaving the Shorthorn business, but we hope to have some cattle to offer that will work for you and be a profit. Our herd is clean and all bad producers have been culled prior to the sale. We have had a yearly vaccination program for Brucellosis and Lepto. We want this to be an offering of good, useful, and profitable cattle. Come be with us on November 24.

Your friend,  
Jerry L. Arthur

Dear Cattlemen,

It has been a most pleasurable experience being able to work with Adrian and Jerry Arthur in conducting this, their dispersal sale of registered Shorthorn cattle.

It is seldom that one finds such dedication and thoroughness in a cattle operation as that found by the Arthur's toward their herd of Shorthorn cattle. They have for several years now been vigorously assembling a set of useful Shorthorns that have had to produce to remain on the farm.

They have been most fortunate in the respect that they have introduced into their herd two of the greatest breeding bulls that I sincerely believe are in the breed today: Kenmar Prince 29Bx and Majestic Defender x, both big, stout, Polled herd sires. They have without question sired a most impressive set of sons and daughters that could go on and work improvement within any herd in the Shorthorn industry today.

Apart from the many steer calf prospects and heifer calf projects that have been sold from this herd to juniors—this dispersal sale offers a complete herd of females, many of which are distinct family lines, for your approval. This situation only arises during a dispersal sale, and is your opportunity to select individuals of uniform breeding combined with efficiency in reproduction. Two important traits in the building of a reputation cow herd.

This sale will offer you a fine set of working cattle that you will be able to purchase in the utmost of confidence.

If we can in any way make your visit a more pleasurable one, please feel free in contacting one of us.

Sincerely,  
Bruce Brooks

It's hard to have a dispersal as we watch our first calves develop by the Denver Jr. Champion of 1972. Prince is siring calves that not only have the size and trimness of such great importance but also muscle. When we had semen collected on Prince at Codding-Noba they said he had to be the best Shorthorn bull they had ever seen. He moves with the gracefulness of a great athlete and is as docile as a kitten. Many have tried time and again to get us to part with one of these Prince calves before the sale, but we refused because we want everyone to have a chance at the first calves by this fabulous bull. They are the first to sell at auction and many a future herd sire awaits to be chosen. If you want style, size, and muscling, you will want a son or daughter of this bull. Earl J. Fieser of Norwich, Kansas, will take new possesion of Prince following the sale.

I guess everyone feels that their herd sire is the best. We have been in this business long enough to know when one is fortunate enough to have a truly great improver. Majestic Defender is everything we could ever want in a herd bull. He is big. He weighed 1800 lbs. in pasture condition and measures 58½ inches at the shoulder. Not only does this bull have size and scale but he is extreme in his trimness and is a correctly balanced, heavily muscled bull that transmits all of these traits to his calves. The Haumont cattle have long been noted for size and milking ability. To top all of this he has a very gentle disposition. Majestic Defender is siring the growthiest best calves we have ever had. We have used him on small cows and he has corrected their problems in the calves. At six years of age he is a tremendous bull in looks, conformation, and siring ability. He is sound as a dollar and can travel a pasture all day checking cows. He is a sure breeder and settles the cows quickly. People can drive a long ways and not find better. On sale day Majestic Defender will speak for himself and his calves will speak for his ability as a sire.

The Progeny of Majestic Defender x such as Those Pictured

We called this bull "Longfellow" because of his length of body and length of leg. Owned in partnership with Robert A. Collier of Fletcher, we only got to use this bull for about a calf crop and a half before we lost him. He was purchased at \$2,000 out of the champion carload of Shorthorn bulls at the 1970 National Western in Denver. "Longfellow" was our first step in the right direction. He had just begun to start things clicking when we lost him. He sired the reserve champion Shorthorn steer at the 1973 Okla. City Spring Livestock Show, in what many considered the toughest Shorthorn steer show ever. His sons were put on tests and gained well over 3 pounds a day. We saved most of his daughters because of their trimness and femininity. Now you can buy these daughters of our outcross bull that never would have been sold.

Red, Jim Mitchell & Son

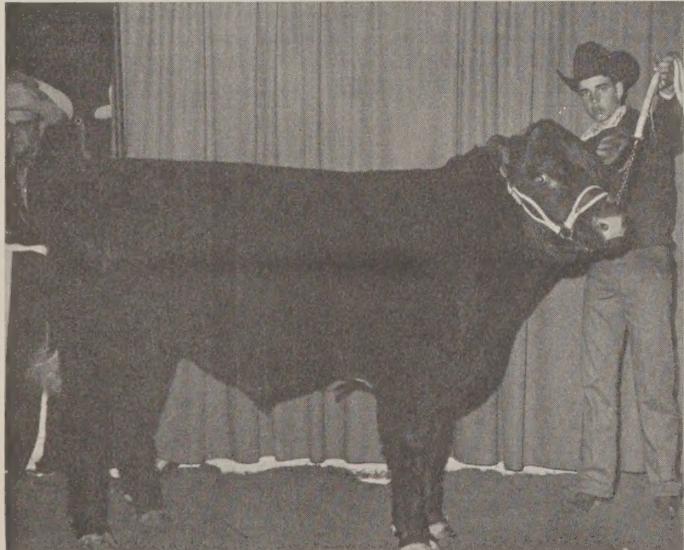

We bought this bull from Jim Mitchell because of his extreme size, elevation, and muscling. He is one of the cleanest, trimmest Shorthorn bulls we have ever seen. He has a beautiful pedigree and an outstanding dam which will also sell in this sale. MPS Coronet Leader 6th has sired many champions such as MPS Count Leader and MPS Mr. It. Klondike Leader's dam is packed with superior sires of size and trimness such as Milborn Gold and Sir Mansfield, a Clyde Miller bull that left Jim Mitchell some of the really great foundation females in his herd. Most of the bred heifers and a few cows carry the service of this outstanding bull. The calves from these matings should be something to see.

Red Josephine 2d

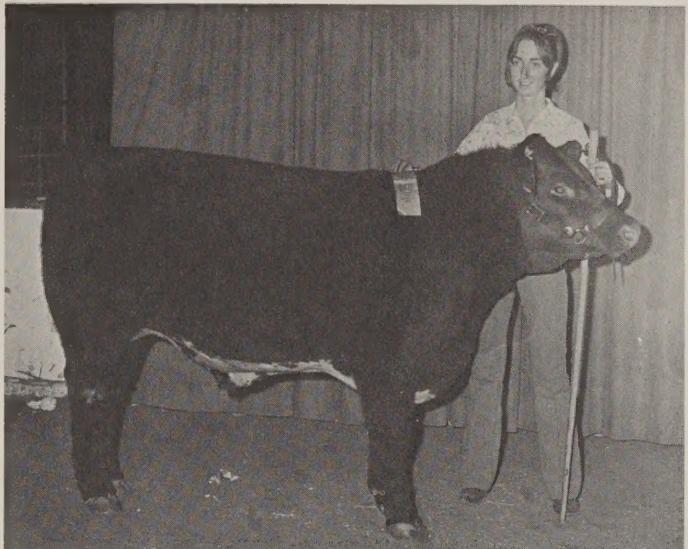

**Prize winning Shorthorn steers either sired by bulls used in the Arthur herd or out of dams that will sell in this Dispersal Sale.**

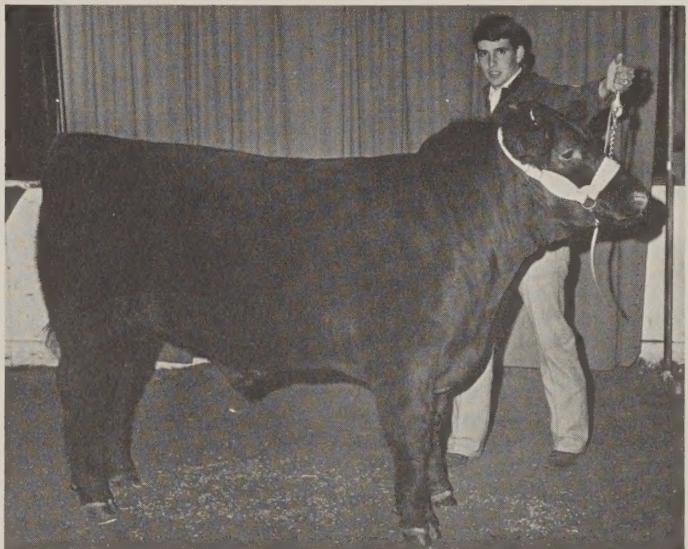

Reserve champion Shorthorn steer of the Okla. City Jr. Livestock Show the spring of 1973. Sired by Avoca Lea Bondholder 86th and out of a Slaughter bred female that is a half-sister to many of the Slaughter cows that will sell. Shown by Diana Culbertson, Fletcher, Okla.

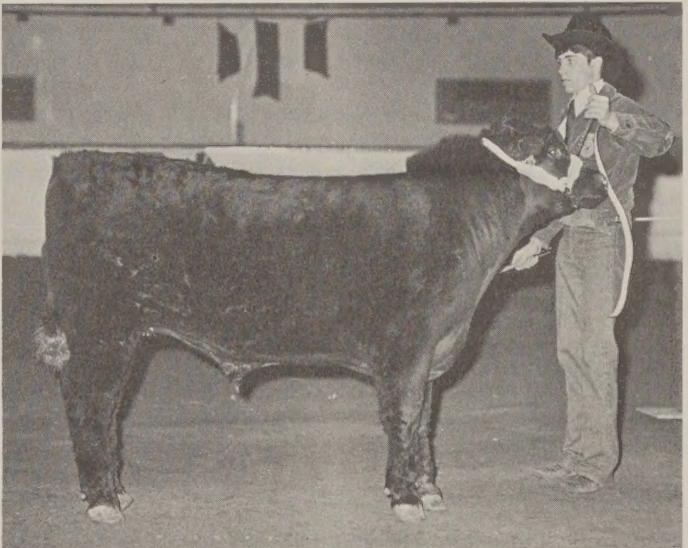

Second place Shorthorn Steer of the Okla. Jr. Livestock Show the spring of 1972. Sired by Lynridge Custodian Heir and out of a Slaughter bred cow that sells. Shown by Larry Sullivan, Nash, Okla.

First place light heavy steer of the Okla. Jr. Livestock Show the spring of 1972. This steer is out of Lynridge Gem of Birty Mae that will sell in this sale. Shown by Larry Arthur, Fletcher, Okla.

Reserve Champion Shorthorn steer at the Okla. City Jr. Livestock Show the spring of 1971. Sired by Royal Tartan Scotsman 2nd and out of Lynridge Gem of Birty Mae. Shown by Sara Hasenbeck, Fletcher, Okla.

This steer was sired by MPS Coronet 6th and is a full brother to Lynridge Albie Missie that sells in this dispersal sale. Shown by Joe Parks, Nash, Okla.

This is one of the biggest Shorthorn cows to be found in the breed. Everyone that ever visits the farm marvels at her size and femininity. She is truly a great producer. Her last five calves have been heifers, two of which will sell as cow-calf pairs, two as bred heifers, and one at her side. Her daughters are making beautiful cows; they have all inherited her size, scale, and milking ability. This is a tremendous cow that is an excellent breeder and capable of going into anyone's herd. Sells with a very outstanding heifer at side, sired by Kenmar Prince 29Bx born June 5, 1973, tattoo 320, and will be bred back to Kenmar Prince 29Bx from June 5 to Oct. 30.

Another one of those great Slaughter bred cows and one from the Butterfly family. These Butterfly cows are large, roomy cows that are great producers. Robert Collier, Fletcher, Okla., bought one of her sons for his first Polled bull. Her next calf, a heifer, was the first daughter of Majestic Defender x and sells as one of the best bred heifers offered. She sells with a heifer calf at side, sired by Mervin Deason's Kinkeri Pasco Leader, the undefeated senior yearling of 1970, born March 6, 1973, tattoo 310, and she will be bred back to Kenmar Prince 29Bx from May 2 to Oct. 10, 1973.

Red, Jim Mitchell & Son

One of our best Mitchell cows. Also sired by the great herd sire Prairie Park Coronet 11th x. This cow is a full sister to Alkay May 3rd. We bought these cows from Jim Mitchell right from the heart of his herd. They could only be bought in a dispersal. Sells with a red bull calf sired by MPS Coronet Leader 6th x born April 12, 1973, tattoo 355, and cow will be bred back to Kenmar Prince 29Bx from May 2 to Oct. 10, 1973.

Red Josephine 2d x2969941	
Red, Jim Mitchell & Son	

A very large framed, trim, Mitchell cow. This is the dam of MPS Klondike Leader x that many females carry his service in this sale. She is certainly the kind of cow you would like to have as the mother of your herd sire. We showed a steer out of her that we bought from Jim and placed 5th at Tulsa, plus making the premium sale. Daughters of Millborn Gold x are hard to come by and this is one of the best. Remember Millborn Gold was the sire of the dam of MPS Mr. It. Also the Josephine cow family is one of Mitchell's best. Should calve around sale date to the service of Kenmar Prince 29Bx. What a calf this should be!

Willowdale Randolph
Willowdale Mina 3d

A full sister to our former herd bull, OLC Husky Ransom 735. A good, long bodied cow that brings a good calf every year. She will be a little thin sale day but her calf will speak for her ability. Sells with a red bull calf born April 5, 1973, tattoo 358, by Kenmar Prince 29Bx. Cow will be bred back to Prince from May 2 to October 10, 1973. This calf could make a herd bull for someone!

Dk. Roan, C. H. Ralstin	

We bought this cow in the Norman Cabaniss Dispersal. I asked Norman to show me his best cow and this is the one he pointed out. She was the dam for the herd bull for Arnold Ott of Burlington, Okla. That bull was later Jr. champion bull at the All Okla. Shorthorn Show in 1972. Her next calf was a heifer that weighed 97 lbs. at birth, this heifer will also sell. Royal Consort Mina sells bred to Kenmar Prince 29Bx from May 2 to Oct. 10, 1973.

We bought Lovely Girl 2d when she was 10 years old and she kept producing until we sold her at 15 years of age. She was a very good, large cow with excellent milking ability. During her 5 years at Lynridge she managed to produce four daughters and one show steer that placed 7th at Tulsa this year. Lynridge Lovely Girl 3rd is our favorite daughter. She was shown as a heifer placing champion at the county and 11th at Okla. City in the spring of 1972 out of 24 heifers. Sells bred to MPS Klondike Leader x from July 8 to Oct. 1, 1973.

We purchased this son of the great Maxi Brute to use on daughters of Kenmar Prince 29B. He has muscling and bone to go along with size and trimness. We let Larry Bridges borrow this bull to breed to his cows and then used him on several heifers and a few cows. He may be thin but this could be one of the best young bulls to sell this year. The 215th is out of one of the better daughters of the International Jr. champion Sutherland Chieftan.
